

TSX Members – A New Master Agent Organization

TSX Members is only less than a year old, but is already making a big impact on the telecommunications and cloud marketplace. Bringing together 6 regional master agents, this organization is poised to add a new dimension to how providers can gain a bigger footprint in the marketplace. Here is a snapshot of TSX Members.

1. The Member Organizations

TSX was formed in 2015 with the following charter members.

2. The Purpose of TSX

TSX exists to provide the opportunity for smaller, regional master agents to have access to a global portfolio of providers. In addition, they meet regularly to discuss industry issues and best practices. The goal of TSX is to expand their footprint by adding more providers and additional master agent members.

3. The Leaders of TSX

TSX is lead by Bill Patchett of P2 Telecom, Kristin Vick of TDM and Robert Boling of TDM. Their master agent members are:
